Volunteering Opportunities

Last year, BETA students donated over 1,000 hours of time volunteering! Get Involved!

In December there will be many opportunities for volunteering: Helping Hands will be filling shoe boxes with "gifts" for the homeless. They also gift wrap them and insert holiday cards to show homeless people that we care about them. Helping Hands will also remember Senior Citizens by making holiday cards for them.

The Thanksgiving food drive was a success! The amount of donations was overflowing! BETA staff and students show generosity and caring through many acts of kindness.

Happy Thanksgiving
